FORM MEETS
FUNCTION

ENERGY SAVING SWITCH

The intelligent device that acts for you

A SWITCH THAT ACTS WHEN YOU FORGET

Finally an energy saving switch that remembers when you forget. It's the perfect solution for a child's room, cellar, or corridor. The light is switched on by the user and goes off automatically when no one is in the room, making savings that are good for the environment and for the wallet!

UNIVERSAL DIMMER

When dimming meets new light sources

WHATEVER THE SOURCE, ADAPT IT TO YOUR COMFORT LEVEL

Finally a lighting solution that adapts to changing moods and changing needs, and functions with all types of bulbs, including LED and CFL.

USB CHARGERS

The seamless response to charging needs

STAY CONNECTED, EASILY

Intelligent details can transform one's impression of an entire home. Integrated USB chargers are not only discreetly designed, they save space and allow users to easily charge mobile devices.

RADIO CONTROLS

The simple wireless solution

MEET YOUR CHANGING NEEDS WITHOUT RUINING YOUR WALLS

Streamline daily life with just a touch of technology and without the tangle of wires or the hassle of installations.

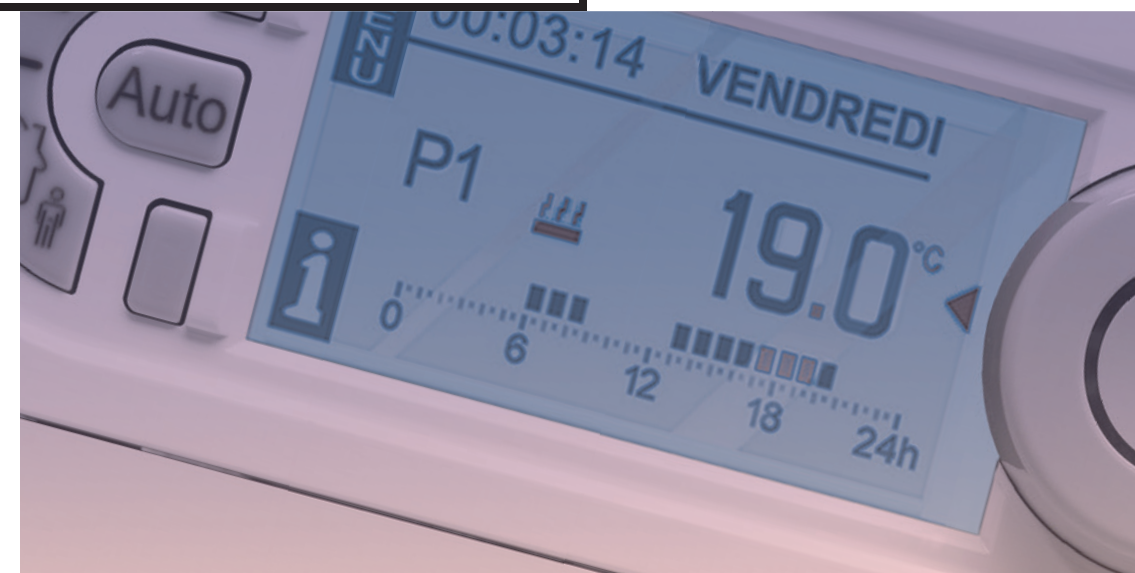

MyHOME[®] AUTOMATION SYSTEM

Define your perfect atmosphere

A FULLY PERSONALISABLE AUTOMATION SYSTEM

Whether it's a warm gathering among friends or a tranquil retreat from the hectic world – the MyHOME system allows you to create, control and save the comfort settings of your perfect atmosphere according to your personal needs. Programmable and self-monitoring settings keep track of energy consumption and spending so you don't have to.
